

We are a consumer organization

The FCAGR is a nonprofit consumer association dedicated to educating the public about funeral practices, and protecting the consumer's right to a simple, low-cost funeral if they wish. Members share the belief that informed planning is key to ensuring a dignified, meaningful yet affordable funeral.

Our local organization is run by volunteers and financed entirely by donations. We are managed by a 12-member board of directors elected by the membership at its annual business meeting. Our directors have NO business interest in any funeral home, crematory or cemetery, and directors serve without pay.

Our mission is education and advocacy

We offer free funeral planning guidance to members and to the general public, and encourage preplanning one's arrangements. We also work to reduce costs for burial, cremation and other final arrangements. Anyone who needs direct financial assistance is referred to the County Department of Human Services for help.

We are one of almost 70 local affiliates of the national Funeral Consumers Alliance. It monitors funeral industry practices and is a consumer advocate for legal reform. We share our resources with National, and help in their lobbying efforts to protect the rights and wallets of the bereaved.

We serve our community

- Our speakers provide funeral planning informa-

tion to groups, with special emphasis on preplanning, knowing your rights as a consumer, and finding affordable funeral options.

- We offer brochures about cremation, green burial, choosing a funeral home, paying for your funeral, and others.
- Our web site has cost comparisons of local funeral homes and cemeteries, and links to our brochures and a range of end-of-life planning resources.
- Our 24-hour telephone hot-line service is available to answer questions and help families negotiate the difficult steps after a death.
- Our annual meeting is open to the public, and features well-known speakers on a range of topics—estate planning, body and organ donation, grief support, hospice care, and more.
- We serve an eight-county area: Monroe, Genesee, Livingston, Ontario, Wayne, and parts of Orleans, Seneca, and Yates counties.

We promote advance planning

The FCAGR makes funeral planning easier, with informational brochures and easy-to-fill-out forms. We believe that a written funeral plan can complement other end-of-life provisions, such as Advance Care Directives, life insurance, and Will.

Your written plan can help your survivors arrange an affordable funeral. The cost of a typical funeral can easily top \$8,000. By planning ahead and making your preferences clear, you can reduce costs for your survivors while easing their stress and pain at a most difficult time.
